National Biodiversity Strategy  
and Action Plans (NBSAP)

# CBD COP15 related decisions

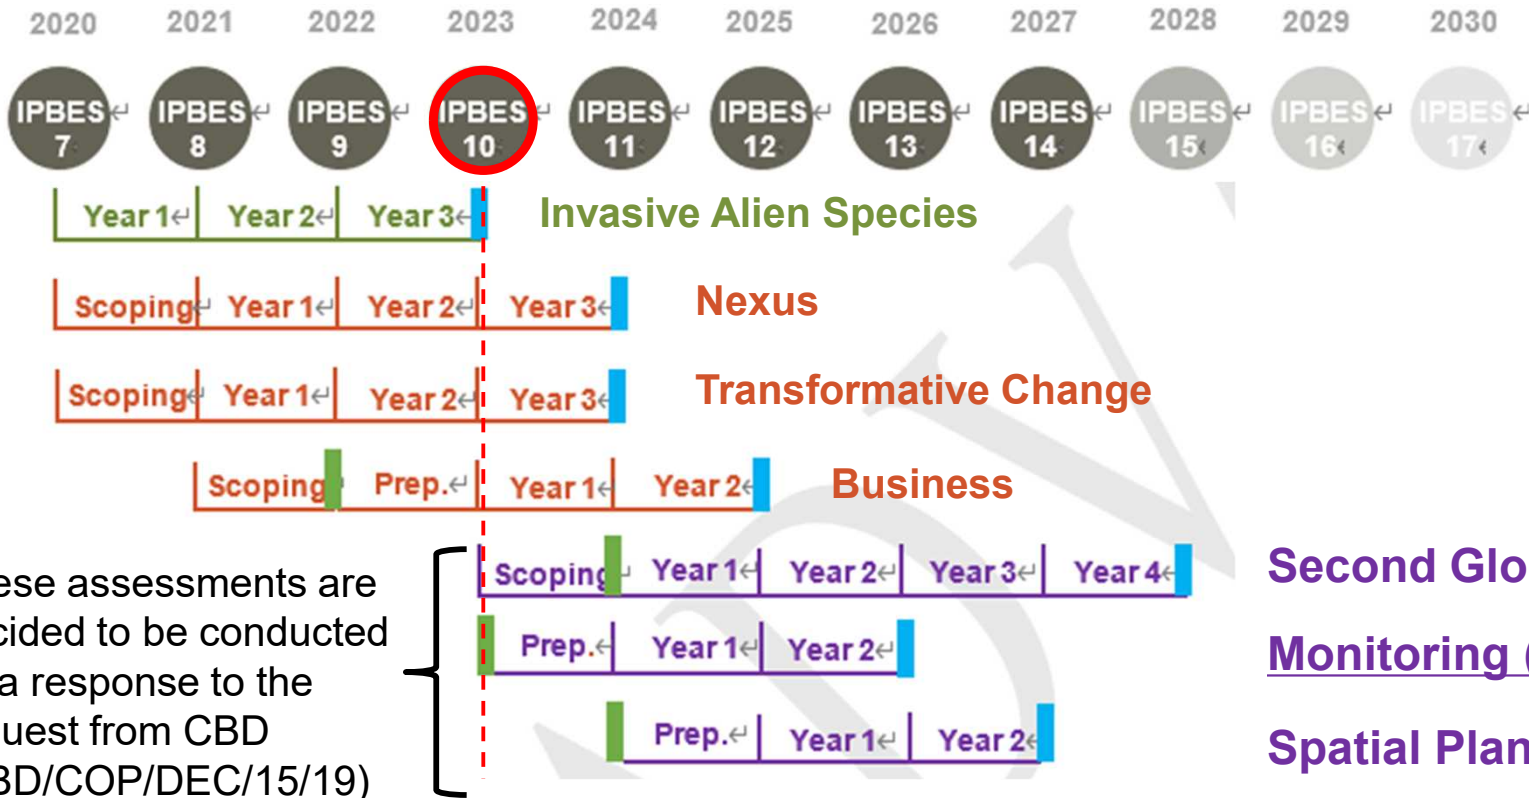

- **Kunming–Montreal Global Biodiversity Framework (CBD/COP/DEC/15/4)**
  - 2050 Vision, 2030 mission, 4 Goals, 23 Targets, other important sections.
- **Monitoring Framework (CBD/COP/DEC/15/5)**
  - Four groups of indicators (Headline, global binary, component, complementary)
  - Establishment of Ad Hoc Technical Expert Group (AHTEG) on Indicators
- **Mechanisms for planning, monitoring, reporting and review (CBD/COP/DEC/15/6)**
  - Adoption of “an enhanced multidimensional approach to planning, monitoring, reporting and review” comprising of the following;
    - (a) NBSAPs revised or updated by COP16
    - (b) National reports submitted in 2026 and 2029
    - (c) Global Analysis of information in NBSAPs at COP16 and following COPs
    - (d) Global review of collective progress
    - (e) Voluntary peer reviews
    - (f) Open-ended forum for voluntary country reviews
    - (g) Information on non-State actor commitments

# IPBES actions for contributing the implementation of GBF

IPBES10 (Bonn, 28 Aug. – 2 Sep.)

- Approval of the IAS assessment SPM
- Decision about the three IPBES assessments

# methodological assessment on monitoring biodiversity and nature's contributions to people

## Objective :

to support national and global efforts to;

- (a) monitor biodiversity, nature's contributions to people and the direct and underlying causes of the observed changes; and
- (b) monitor progress towards the goals and targets of the KMGBF..., and contributing to monitoring of the SDGs of the 2030 Agenda for Sustainable Development and relevant multilateral environmental agreements, processes and efforts, ....

## Chapter outline :

Chapter 1. Setting the scene

Chapter 2. Assessing the data needs

Chapter 3. Assessing the challenges in biodiversity monitoring to meet needs

Chapter 4. Options for strengthening the capacity to monitor biodiversity worldwide

**Nomination call for the Assessment is still open!!**
