

Training and Workshop on Taxonomy of Terrestrial Plants (Monocots)

Research Center for Biology
Indonesian Institute of Sciences (LIPI)

In collaboration with PROSEA & PTTI
and financial support from ACB & MoE Japan

Activities

- **Date:** 12-16 March 2012 (5 days)
- **Venue:** Research Center for Biology (RCB-LIPI), Indonesian Institute of Sciences (LIPI), Cibinong, Indonesia
- **Organizer:** RCB-LIPI, PROSEA – Indonesia, ASEAN Centre for Biodiversity (ACB), Ministry of the Environment, Japan (MOE-Japan) & Indonesia Plant Taxonomist Association (PTTI)

Activities (continue)

- **Contents:** General taxonomy of terrestrial plants and taxonomy of the Monocots (Ochidaceae, Pandanaceae, Arecaceae, Zingiberaceae & Ecology)
- **Content Enrichment:** ESABII & ACB
- **Lecturers:** Indonesia, Philippines, Malaysia & Japan
- **Participants:** ASEAN (21) + Japan, Korea, China & Mongolia (6)

Some Notes

- Diversity in academic background moderate
- Different level in working experience
- Experienced trainers/lecturers
- Sufficient facilities
- Very limited time provided

Summary

- Training and workshop success → technically and non technically
- Recruitment of participants needs some adjustment
- Comprehensive evaluation system in place
- Follow up activity (internship program) extended

ESABII TCB Activities to be Updated

- General taxonomy workshop and training on terrestrial plants (the cryptogams)
- Follow-up for Workshop 1 (Cibinong) & 2 (Bali) on Taxonomic Publications (PTTI & Journals)
- Revitalization NBIN → RCB LIPI & National Planning Agency (BAPPENAS) & GBIF
